Under the High Patronage of H.S.H. Prince Albert II of Monaco, Monaco Art Week celebrates its 5th edition, from 4th to 9th July 2023, in parallel with the *artmonte-carlo* fair.

During this week, particularly rich in artistic events, galleries and auction houses are joining forces, to invite the public – collectors, professionals and art lovers – to come together to follow an art tour through the Principality. The originality of Monaco Art Week lies in the diversity of the participating venues, offering a chance to discover and engage with different periods of art through a varied programme of modern art, contemporary art, design and high jewellery creations.

Fields of synergies and exchanges, these cultural meetings will offer a small glimpse of the artistic initiatives of the Principality, which attract an ever-increasing public each year.

MONACO ART WEEK (MAW) was born from the desire to unite Monegasque cultural institutions by organizing events to highlight the artistic scene in the Principality.

The association was born in the spring of 2018, with a MAW artistic journey in galleries and auction houses, spread over different districts of the Principality – Condamine, Monte-Carlo, Larvotto. This format facilitates access to exhibitions, encouraging everyone to explore the Monegasque cultural landscape, while supplementing a particularly dense cultural offer at this time.
